

NUS-PKU

Joint Summer Programme on Mathematical Modeling

What would I be doing?

Part A: National University of Singapore

⇒ 26 June - 7 July 2006

⇒ PKU students will be in NUS for the joint training program with the NUS students

⇒ Speakers include:

Bao Weizhu, Dai Min, Karthik Balkrishnan Natarajan, Kong Yong, Lee Seng Luan, Lin Ping, Zhang Louxing (Department of Mathematics); Alec Grant Stephenson, Xia Yingcun (Department of Statistics and Applied Probability); Mabel Chou, Teo Chung Piaw (Department of Decision Sciences); Chen, Ben M. (Department of Electrical and Computer Engineering)

⇒ Topics include:

Environmental and Public Health Modeling; Graph Modeling in Genomics; Geometric Modeling; Investment Modeling; Modeling Gambling; Modeling Material Fracture; Modeling Puzzles; Modeling Supply Chains; Population Models; Control System Modeling

Part B: Peking University

⇒ NUS students will be in PKU for 3 weeks, starting from 14 July 2006 (tentative)

⇒ Joint training in mathematical modeling for two weeks; modeling competition in the last week

⇒ Opportunity to participate in an international modeling competition (2007) in the US

Who's eligible?

- ⇒ Year-2 or year-3 students from NUS
- ⇒ Up to 21 students will be selected on a competitive basis

What can I expect?

- ⇒ Excellent learning experiences, and overseas!
- ⇒ Opportunity to meet new friends!
- ⇒ Modeling skills a great plus for your future employment!

What do I get?

- ⇒ Food and lodging at PKU for NUS students (by PKU)
- ⇒ Travel subsidy of \$300 for each student

Ready to apply?

1. Download application form from ww1.math.nus.edu.sg
2. Submit form with required documents by 31 May 2006!

I need more info...
